## → Total Supply

The circulating supply of DigiBunnies is set at 1,000,000,000,000 tokens, with no additional tokens minted or burned. This ensures that the supply remains constant and creates scarcity, increasing the value of the tokens. The initial price of DigiBunnies will be determined by the demand in the market.

## → Initial Supply

Up to 20% will be allocated to the initial supply. More than 5,000 NFTs will be introduced in July 2023.
